

Cablofil CABLE TRAY-STAINLESS (6D,,20W,,120L) [1024]

Part No. 1024

Cablofil Wiremesh Cable Tray concept based upon performance, safety and economy; three qualities which make Cablofil Wiremesh Cable Tray system preferred by installers. Cablofil adapts to the most complex configurations, and its structure gives maximum strength for minimum weight. The ease of creating fittings, carried out on site, as well as the wide range of unique and universal accessories gives complete freedom in routing combined with exceptionally fast installation.

Features & Benefits

Special Safe-T-Edge: protects installers from sharp ends while it prevents cables from fraying.

Standard 10' lengths: straight and easy to handle.

1" to 6" high flange side of the tray: prevents cables from falling off.

Available in the following finishes: Electro Zinc, Hot Dipped Galvanized, Stainless Steel 316L, Black Painted, and other Painted.

Wire mesh is smooth and round: to resist dirt and dust buildup.

Large mesh size (2" wide by 4" long): allows cable installers to route cables in and out at any point without cutting the tray.

Dimensions are nominal: other sizes available on request.
