Shading Systems
RZ2 Range Extender
Part No. 9500476

The RZ2 Range Extender may be used to strengthen the Zigbee environment and to extend the range of a Zigbee remote. The RZ2 plugs directly into an outlet and has a screw tab for more permanent installation.

Features & Benefits

Extends range for Zigbee environments by 30'-50', depending on environment.

Requires QzHub3 or Corded Range Extender for operation, does not work standalone.

Use as many as required in an installation (refer to limits when used with QzHub3).

Plugs directly into standard wall outlet with screw tab for more permanent installation.

Specifications

General Info

Product Line	Shading Systems	Application Sector	Residential
Standard	UL, FCC, IC, RoHS		

Listing Agencies / 3rd Party Agencies

FCC Compliant	Yes

Additional Information

RoHS Compliant	Yes	Product Has Potential to Contribute to LEED	Yes

Technical Information

Input Voltage	110 V	Number of Devices	1
Has External Power Supply	No
