

V-Trough cable tray keeps your cables protected and easy to manage. Its high-strength steel construction matches many European OEM specifications and is available in smaller sizes for control and instrumentation cabling. V-Trough is manufactured to exacting standards so that all components fit together perfectly, making installation a snap.

Features & Benefits

Ventilated design: reduces cable heating, mold and moisture buildup.

Strong corrosion resistant steel construction.

Rolled top edge: for cable and installer protection.

Unique design: allows for cable and installer protection.

18 gage steel.

Compatible cover: FTC sold separately.
