

Wiremold
3-Hour Fire Classified 6" Flush Style Cover Assembly
Part No. 6CT2AA3H

Die-cast aluminum cover assembly. Cover assembly is available in the following powder coated finishes: (BK) black, (GY) gray, (BZ) bronze, (SB) satin brass, (SN) satin nickel, and (AA) brushed aluminum. 6CT23H Series cover assemblies designed for use with 6STCP3H, 6STC3H, and 6STCPAV3H Poke-Thru Stem Assemblies. Includes one (1) 6TS Tile Shim.

Features & Benefits

Die-cast aluminum cover assemblies: The new Evolution Series poke-thru design includes all metal die-cast aluminum cover assemblies, with two unique spring-loaded slide egress doors. No clumsy flip lids to get broken or cause an added trip hazard.

Flush style cover assemblies: A flush style cover for tile applications allows the Evolution Series Poke-Thru Devices to be adjusted to the same level as the top surface of the floor covering. The flush cover is designed to be used for tile or wood floors and in higher traffic applications, where a low profile is a must.

Unique cover design: The cover opens a full 180 degrees with two unique spring-loaded slide egress doors to keep wires, connections and people safe.

Multiple finishes: Evolution Series Poke-Thru Devices are available in multiple finishes, (BK) black, (GY) gray, (BZ) bronze, (AA) brushed aluminum, (SB) satin brass, and (SN) satin nickel to seamlessly match your environment.
