

Cablofil Wiremesh Cable Tray concept based upon performance, safety and economy

Features & Benefits

Special Safe-T-Edge: protects installers from sharp ends while it prevents cables from fraying.

Standard 10' lengths: straight and easy to handle.

1" to 6" high flange side of the tray: prevents cables from falling off.

Available in the following finishes: Electro Zinc, Hot Dipped Galvanized, Stainless Steel 316L, Black Painted, and other Painted.

Wire mesh is smooth and round: to resist dirt and dust build-up.

Large mesh size (2" wide by 4" long): allows cable installers to route cables in and out at any point without cutting the tray.

Dimensions are nominal: other sizes available on request.
