

adorne Collection
Discontinued - adorne® 12-in Modular Track
Part No. APMT12TM2

A base under-cabinet modular track for use as the foundation of an adorne Under-Cabinet Lighting and Power System. Easily eliminate countertop clutter while also creating a more functional space within your kitchen. With its customizable modular design, you can create a unique under-cab solution that perfectly fits your home and needs. Modular tracks also available in 18 inch and 27 inch lengths. All lengths available in white or titanium finish.

Features & Benefits

Perfect for eliminating countertop clutter and creating a more functional kitchen counter space

The 12-inch Modular Track includes one outlet module and one blank module, and can support up to two Linear LED Lights

Module options include standard and USB outlets, our Digital Music Kit and smart device cradles to eliminate countertop clutter

Pair with other modular tracks to create a full system custom-designed for your kitchen

An under-cabinet base that allows you to add or change out modules with ease

The adorne 12-inch Modular Track must be installed with an adorne Control Box

Installs in 30 minutes or less. Mounts to the wall underneath kitchen cabinets. All required hardware is provided

Modular Tracks available in various sizes, and plug seamlessly together for easy installation
