# La legrand®

Wattstopper Discontinued - Dual Tech Wall Switch Occupancy Sensor, 2 Relays, 120/277V, Red Part No. DW-200-R

The DW-200 dual technology wall switch sensor combines the benefits of passive infrared (PIR) and ultrasonic technologies to turn lights ON and OFF based on occupancy. It contains two relays for controlling two independent lighting loads or circuits and a variety of features.

### Features & Benefits

| High sensitivity and dense coverage for exceptional performance | Two relays for control of two separate lighting loads or circuits  |
|---|--|
| Color-matched lens and low profile for appealing design         | Selectable operation, walk-through, test and presentation modes for increased energy savings and convenience |
| Defaults to Auto-ON to 50% operation for maximum energy savings |  |
| Specifications  |  |

## General Info

| Product Line                  | Wattstopper | Replaced by Part Number | DSW-302-R    |
|-------------------------------|-------------|-------------------------|--------------|
| Color                         | Red         | UPC Number              | 754182934423 |
| Country Of Origin             | China       |                         |              |
| Dimensions                    |             |                         |              |
| Product Width US              | 3.0 in      | Product Weight US       | 0.45 lb      |
| Product Volume US             | 40.63 cu in | Product Depth US        | 5.0 in       |
| Product Height US             | 2.5 in      |                         |              |
| Additional Information        |             |                         |              |
| Product Environmental Profile | Yes         |                         |              |
|                               |             |                         |              |

#### Technical Information

| Sensor Type | Occupancy | Amperage | 8.3 A     |
|-------------|-----------|----------|-----------|
| Wattage     | 1200 W    | Voltage  | 120/277 V |
