

Legrand
8" MDU Enclosure Kit with Cat6 Data
Part No. EN0804

This kit provides a repetitive and cost effective structured wiring solution for multi-dwelling units (MDU) and small homes. The kit facilitates distribution of six phone, four video, and six data locations. For a customized solution

Features & Benefits

Includes the enclosure and cover with an installed 6-way phone module (TM0106), a 4-way coax splitter (VM0204), and 6 port cat6 data board (AC0606). Facilitates both flush and surface-mount installations with mounting tabs and drywall depth indicators.

Knockouts include screw driver holes for easy removal

Includes four self-tapping screws for mounting and optional hardware to lock the cover

Includes cable guard to protect enclosure contents from dust and paint during construction
