Wattstopper
DLM 3-Button Switch Color Kit, Ivory
Part No. LMSW-KIT-103-I

LMSW-100 Series Wall Switches are low voltage devices for energy-saving manual on/off control of one or more loads from one or more locations. They are part of a Digital Lighting Management (DLM) system and can control any load(s) connected to DLM room controllers.

Features & Benefits

- Low voltage pushbutton switches for control of multiple loads
- Plug to other components using Cat 5e cables with RJ45 connectors eliminating wiring errors
- IR transceiver for wireless configuration and remote control
- Components of Digital Lighting Management integrated control system
- Customizable buttons with LED status indicators
- Plug n' Go automatic configuration and Push n' Learn for personalization

Specifications

General Info

Product Line	Wattstopper	Color	Ivory
UPC Number	754182928408	Country Of Origin	China

Additional Information

Product Environmental Profile	Yes
