

Slip your iPod into the sleek little dock in one room, hit play on any of the Nuvo system controllers and let the music play from one room to the next.

Features & Benefits

Dock your iPod and listen to all of your music, anywhere in your home, through your Nuvo system.

Your iPod charges as it plays, so when you're done listening to it, it will be fully charged and ready to go.

The sleek design and small stature of the NuvoDock means it can be placed on any surface throughout your home to offer you a quick place to dock your iPod.

Displays Song and Album information on any Nuvo controller for easy control and navigation of your iPod's music.
