

Nuvo
Discontinued - 10-in Powered Subwoofer
Part No. NVSUB10NA

Delivering a stand-out bass response, the 10" Powered Subwoofer brings a whole new dimension of deep and detailed clarity to movies and music. With a front-mounted woofer, twin ports and an efficient all-digital 200 watt amplifier, the NV-SUB10 adds a powerful low-frequency impact to mid-sized home theater or audio installations. Its cabinet is constructed of durable MDF for a distortion-free, superior bass experience. The NV-SUB10 features signal-sensing power activation to automatically turn on the subwoofer when it receives a signal from the receiver and return it to standby after 15 minutes of no signal. Offering maximum versatility, the Powered Subwoofers were designed to integrate with almost any audio system. Unfiltered LFE / RCA stereo input and output let you easily connect to most modern receivers. And a convenient USB jack can power an optional wireless receiver. The variable crossover and phase adjustments allow you to match the Subwoofer output with the main speakers for premium performance and sound.

Features & Benefits

Durable MDF enclosure construction ensures distortion-free bass response	Efficient all-digital 200 watt amplifier
Installation-friendly front-firing woofer and dual ports	Powerful front-mounted 10" subwoofer ideal for mid-size audio installations
Signal-sensing power ON/OFF	Unfiltered LFE (low frequency effects) input, RCA stereo input and output, and USB port
