

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding. Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

For use with indoor, outdoor, or vertical flat covers.

Top and bottom pieces are 1 1/2" wide.

Specifications

General Info

Product Line	Cablofil	Finish	Pre-Galvanized
UPC Number	800388517509	Country Of Origin	Mexico

Dimensions

Product Width US	30.5 in	Product Weight US	2.747 lb
Product Volume US	0.257 cu ft	Product Depth US	1.5 in
Product Height US	9.715 in		

Buy American Act Compliance
