

Cablofil 4T-0460-S6 CABLE BRIDGE 316SS 6"W

Part No. P630473

"The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray."

Features & Benefits Strong and easy to install aluminum construction **Specifications** General Info Product Line Cablofil Finish Stainless 316 **UPC** Number 800388529861 Country Of Origin Mexico **Dimensions** Product Width US 7.75 in 0.002 lb Product Weight US Product Volume US 0.247 cu ft Product Depth US 20.0 in Product Height US 2.75 in Buy American Act Compliance BAA Yes
