

Fusible Safety Switch, 60 Amps, 600 VAC. The first-ever blown-fuse indication system thats in our pacesetting Fusible Mechanical Interlocks with individual LED indicators for each line, patentpending integral fuse pullers, and a hinged fuse-access door. Pass and Seymour Fusible Safety Switches deliver the same ultraheavyduty construction as our Fusible Mechanical Interlocks, too. So they provide maximum protection against water, dirt, heat, and vibration and just about any other harsh condition youll encounter.

Pass and Seymour

Part No. PS60FSS

Fusible Safety Switch, 60As

Features & Benefits

Compact design fits in most I-beams to provide mounting versatility, easy access, and reduced possibility of impact damage. Captive, quick-release, stainless steel screws speed fuse removal, ensure a watertight access door seal, and won't fall out.

Heavy-duty steel-geared switch mechanism provides enhanced durability and extra-long service life.

Black/red color coding and high-visibility ON/OFF markings clearly indicate status from a distance and at any visual angle.

Durable, stainless steel cover-retaining chain makes installation and maintenance more convenient.

Corrosion-resistant, stainless steel captive screws speed installation, minimize risk of lost parts, and withstand abuse.

Time-saving LED indicators identify blown fuses at a glance.

Heavy-duty, ergonomic switch handle meets OSHA Lockout/Tagout requirements and provides plenty of grip for sure, easy operation.

Separate door for ease of changing fuses.

Specifications

General Info

Product Line	Pass & Seymour	Color	Gray
Country Of Origin	United States	Application Sector	Industrial
Standard	UL Listed		
Listing Agencies / 3rd P	arty Agencies		
cULus ListingNumber	31169	cULus Listed	Yes

Technical Information				
Amperage	60 A	Number of Poles	4-Way	
Voltage	600.0 V
